Vision

- industry's *leader* for OE knowledge and expertise;
- *beacon* for efficient, quality execution and safety for both the workforce and the public;
- *source* for innovative ideas and solutions in technology, contracting and personnel standards;
- *partner* for government agencies to help the growth of our industry.

Our Role

Traditionally seen as the “contractor”

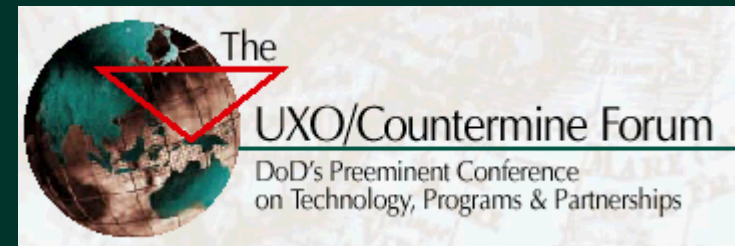

**Our members are involved in all aspects
From staff support To removal and disposal**

Facilitate Partnering

- **Standardization operations and contractual requirements**
- **Address UXO related scrap disposal**
- **Establish UXO Tech Level I standards**
- **Execution under rapid program expansion**

Sponsor of UXO/Countermine Forum

- Financial support
- Review of abstracts
- Session facilitators

Our Role

Facilitate Understanding

- National Dialog on UXO
- State and Federal Regulators
- DoD agencies
- Process Action Team
- NAOC Website

Document Peer Review

- **EPA**
- **USAE&SC, Huntsville**
- **Army Environmental Center**

Our Role

National Level OE Program Support

- Met with Congressmen and Staff
- Supported Congressional language

National Association of OEW Contractors

**An Integral Member of our
Nation's OE Team**
